New for 2016 is our extended 4/6week expedition to Namibia and Botswana. These safe countries offer an unrivalled combination of wildlife and remote off road exploration. Containerised shipping into Cape Town gets your vehicle there easily, while you take the quick option and fly direct. Heading north through South Africa we enter Namibia to experience the Himba people, the Skeleton Coast, Van Zyls Pass and the Marienfluss Valley, Etosha Park and its desert elephants and rhinos before heading along the Caprivi Strip to explore the little visited Parks in the Northern Okavango Delta. Dropping into Botswana we head across the Makgadikgadi Pans into the Kalahari Desert to spend some time with the San bushmen in this unique landscape. We'll then enter the Kgalagadi Transfrontier Park, home to massive black maned lions before heading back to Cape Town. Check our web site for more information on this great trip, or any other of our 2016 adventures.
